Customer information on the EU- POP Regulation

Synonyms: Regulation (EU) 2019/1021 of the European Parliament and of the Council of 20 June 2019 on persistent organic pollutants// Stockholm Convention // POP Convention

The Regulation (EU) 2019/1021 of the European Parliament and of the Council of 20 June 2019, regarding persistent organic pollutants (**Persistent Organic Pollutants POP**), is a binding international agreement on banning and introducing limitation measures for certain long-life organic contaminants:

The production, placing on the market and use of substances listed in Annex I to Regulation (EU) 2019/1021, whether on their own, in preparations or as constituents of products, is prohibited in the European Union.

Based on the information currently available to us, we hereby confirm to the best of our knowledge and belief that the prohibited substances listed in the above-mentioned EU Regulation are not used in the products manufactured by us.
